CHAUTAUQUA COMMENTS BY MEN OF FAME

SEVEN-DAY PROGRAM IS TO BE HELD HERE THIS SEASON

HON. CHAMP CLARK, Speaker of the National House of Representatives:—"A great many newspaper wits shoot their shafts at Chautauqua lecturers. They think it the height of sarcasm to refer to a public man as a Chautauquan. There is one great virtue in Chautauqua money. It is clean money. You don't have to explain where you got it. If a man does not desire to go to hear a lecture there is no law to compel him to do so. * * * I defend the Chautauqua and the Chautauqua lecturer, with whom I have been associated, because they constitute as fine a group of men and women as can be found among the splendid citizenship of America."

HON. THEODORE ROOSEVELT, Ex-President of the United States:—"The Chautauqua is the most distinctively American thing in this country."

HON. WILLIAM JENNINGS BRYAN, Secretary of State:—"The Chautauqua affords one of the best opportunities now presented the public speaker for the discussion of questions of interest to the people. * * * I believe that a considerable part of the progress that is now being made along the line of moral and political reform is traceable to the influence of the Chautauqua."

DR. FRANK W. GUNSAULUS, President of Armour Institute of Technology and one of the World's Greatest Preachers:—"The Chautauquas have become a great people's university. They are among the greatest feeders of our colleges and universities."
